FOREWORD

“जहाँ हुए व्यास मुनि-प्रधान,
रामादि राजा अति कीर्तिमान।
जो थी जगत प्रजित धन्य-भूमि,
वही हमारी यह आर्य-भूमि।”

महावीर प्रसाद द्विवेदी, 'आर्य-भूमि'

With immense pride, I extend a warm invitation to the entire NIFT fraternity to CONVERGE 2026 at NIFT Raebareli

Nestled in the historic and culturally vibrant land of Awadh, NIFT Raebareli is honoured to open its gates and welcome you. Like the royal courts of our past, where poetry, art and sport flourished together, CONVERGE celebrates the imagination of the artist, the intellect of the creator and the spirit of the competitor. Come, wear your colours with pride, compete with honour, and celebrate with grandeur.

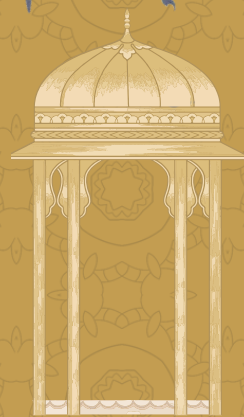

This year's theme Rang Regalia is more than a festival; it is a celebration of the youthful kingdom of NIFT, where ideas find expression, creativity becomes culture, and competition becomes a celebration of excellence. As the colours of our campuses converge, each participant brings a unique story, talent and spirit to the magnificent tapestry of our shared institution.

May these days bring spirited contests, extraordinary performances, new friendships and memories that endure beyond the festivities.

I invite each of you to participate with courage, grace and generosity, upholding the values of fair play, respect, inclusivity and excellence.

Prof. Dr. Jonalee D. Bajpai
Director,
NIFT Raebareli

CONVERGE 26

Converge is NIFT's annual inter-campus festival that brings together students from NIFT centres across India to compete in sports, cultural, literary, and creative events. Celebrating talent, teamwork, and diversity, the festival fosters camaraderie, healthy competition, and the spirit of unity while strengthening the vibrant NIFT community.

THEME

रंग *Regalia*

Rang Regalia celebrates the grandeur of Indian maximalism through the vibrant convergence of Kavya (poetry), Kala (art), and Kreedā (play). Inspired by India's rich cultural heritage, the theme embraces bold colours, intricate craftsmanship, expressive traditions, and joyous festivities, creating an immersive celebration of creativity, culture, and collective artistic expression.

LOGO CONCEPT

The identity of CONVERGE is inspired by the timeless wisdom of Indian civilization, which believes that a thriving society is shaped through the balance of Kavya (Poetry), Kala (Arts), and Kreedha (Sports). Together, these represent imagination, creativity, expression and the spirit of participation. These values continue to inspire learning and innovation.

The primary logo (theme logo) reinterprets these ideas in a contemporary visual language. It brings together the expressive human form, the fluid movement of a brushstroke, the weaver's shuttle, and the rhythm of textile patterns. Its triangular structure and flowing curves are inspired by the iconic NIFT identity, creating a design that feels both familiar and contemporary while expressing movement, creativity, and craftsmanship.

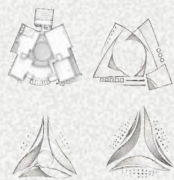

The secondary logo (merchandise logo) is derived from the distinctive top-view geometry of the host campus. It reflects the coming together of all twenty NIFT campuses on a shared platform of creativity and collaboration, while also representing strength, inclusivity, and a shared sense of purpose.

The vibrant colour palette draws from the idea of Indian Maximalism, celebrating colour, diversity and joyful expression. Rather than simplifying India's cultural richness, it embraces its many layers, transforming tradition into a fresh and contemporary visual identity. These elements come together to create an identity that celebrates collaboration, culture and innovation while reflecting the energy and optimism of the NIFT community.
